Old Business-

**Marina Shores Condo/Apartment Proposed Development** – Brief update. Developer plans to present to the Planning Commission as early as June. The developer told Cape Story Civic Association that the dredge transfer land would be added to the proffer for unbuildable natural area to prevent it from being used as such. City traffic studies supposedly show that traffic counts won't be high enough and a potential for increased accidents prevent a stop light from being installed at N Great Neck and Lynnhaven Dr.

**Bayfront to Oceanfront Shuttle Route** – Update on City's plans for the test route. City and Hampton Roads Transit (HRT) are working on finalizing the bus stops and should have a brochure created soon.

New Business –

**Bayfront Advisory Commission (BAC) News** – Mr. Wally Damon will update us on the actions of the Bayfront Advisory Commission.

**Road/Pedestrian Safety on Shore Drive** – VB Works (See-Click-Fix) has been used to identify possible improvement to pedestrian crossing at Red Tide and Shore Drive. Better signage identifying pedestrian right of way when in crosswalk and confirmation of adequate operation of motion detection system were addressed.

**City of Virginia Beach Bike and Trails Plan Input** – The City is asking for public input on this plan. Residents can take an online survey and also provide comment using Virtual Town Hall. Comments will be taken until April 30<sup>th</sup>. So if you ride a bike or use sidewalks and trails, let the City hear your opinions.

**Community Concerns and Suggestions for 2017** – General discussion of neighborhood and community concerns that may need SDCC attention. This is an opportunity for all to share information.
