Virginia Beach Public Works Department

## UPDATE:

Virginia Beach Public Works has announced a change in the schedule for work crews as stated in the news release of 2/16/2020; RE: the Eastern Shore Drive Drainage Improvements project.

The work schedule for the crews is revised as follows for **Southbound Traffic (west side) of North Great Neck Road:**

### Original Schedule:

7 p.m. Friday to 5 a.m. Monday, April 5, 2020 through June 7, 2020.

### Revised Schedule:

Beginning April 6<sup>th</sup>, 2020, there will be daytime work through Friday (Saturday if needed) 7:00 a.m. to 7:00 p.m. The road will be re-opened at the end of each daily shift, to include temporary paving of the excavation, clean up and removing traffic control before returning it to the original traffic pattern each evening. Work at this location is expected to be complete by April 24th, 2020.

## News Release

FOR IMMEDIATE RELEASE

February 16, 2020

### Drainage Improvements Work Begins on Shore Drive at Starfish Road/North Great Neck Road

Virginia Beach Public Works has announced that the first phase of the Eastern Shore Drive Drainage Improvements, with flood control projects, has begun construction.

Crews began work at the **intersections of Starfish Road and Shore Drive, and North Great Neck Road and Shore Drive**, for the first phase. The project will include installing stormwater piping, drainage structures, trenching, along with sidewalk and pavement work.

The work schedule for the crews is as follows:

**Starfish Road:** 7 a.m. – 7 p.m., Monday through Saturday, from February 3, 2020, through June 1, 2020.

**North Great Neck Road:**

**Northbound -** 7 a.m. – 4 p.m., Monday through Saturday, from February 1, 2020, through April 4, 2020.

**Southbound -** 7 p.m. Friday to 5 a.m. Monday, April 5, 2020 through June 7, 2020.

The contractor for the job is **Tidewater Utility Construction Inc.** For additional information, please contact **Shannon Bruce**, Project Manager with **Tidewater Utility Construction** at (757) 944-0795, or Public Works Engineering at (757) 385-4131.
